Subject Omega Chemical OU-2 June 2004 Groundwater Sampling

Mary,

Sampling activities at Omega Chemical is complete as of yesterday June 24th. All shipments have been confirmed to arrive at respective locations via FED EX online tracking.

A total of 34 groundwater samples were collected during the 2-week period. This tally includes 2 lab QC (double volume) samples. Please contact me if you have any questions or require further information.

Thanks for your help on this.

Regards,

Dan Jablonski
